- Liaised with international partners using B823: the Open University of Hong Kong and the School of Business Leadership, University of South Africa

(b) Contributions to Teaching Materials and Methods

2004-present BS811 *Strategic Management in Life Science sand Health Care* (60 credits)
core course for the MBA (Life Sciences)

- Production Chair and Author for Block 4 on scenario planning as a tool for strategic management in the life sciences and healthcare
- Author, Book 10 for Block 3; this is a course book in a shorter format than a standard unit, coupled with both print on demand materials and an e-book for the whole course
- Development of stand-alone version of this course with present course team
- Development of a generic framework to accommodate CPD requirements

2005-2008 B823 *Managing Knowledge*, a second level MBA elective (30 credits)

- Contributed to 08K re-work and consolidation of three course units into a new Unit 4

2002-2004 B852 *Management & Business Research* (30 credits)

- Author and presenter of Block 4: Researching Information Systems and Information Management in full-time face-to-face delivery. B852 is a key component of the MRes programme which allowed ESRC accreditation as the basis of a 1+3 programme.

2000-2002 B680 *Certificate in Accounting* (60 credits)

- **Course Team Member**, Responsible for the production of Block 3, Unit 13 Managing Information and Knowledge
- Innovative development integrating pre-existing externally produced material into an OUBS learning framework

(c) Contributions to Staff and Student Support

1999-2004 B823 *Managing Knowledge*, a second level MBA elective (30)

- Pioneered the use of Lyceum, a synchronous audio-conferencing tool which provides electronic

adjacency through shared on-screen workspace

- Investigated synchronous e-mentoring, with Gilly Salmon, continuing this collaboration through the Beyond Distance Research Alliance <http://www.le.ac.uk/beyonddistance/>

(d) Contributions to Teaching outside the Open University

1986-1999 Department of Business Information Technology, Manchester Metropolitan University

Departmental Research Degrees Co-ordinator

Member of Faculty Higher Degrees Committee

Delivery of Business Information Systems 1, first stage, MSc BIT

Delivery of International Studies 4, final year, BSc BIT

Tutorial Contribution to Information Systems in Organisations 2, second year, BSc BIT

Tutorial Contribution to Information Systems in Organisations 1, first year, BSc BIT

2004-2008 Head, Centre for Innovation, Knowledge and Enterprise

- Responsible for line management of the members and coordination and development of research activity among members and with partners within the Open University and beyond
- MKIRU - the Managing Knowledge and Innovation Research Unit - is hosted by the Centre. Members of IKE and MKIRU contribute to a new cross-faculty centre for Innovation, Knowledge and Development which also involves members of the Faculties of Social Science and Technology.

2004-2008 Co-Director, Centre for Innovation, Knowledge and Development

- One of two members, representing the Faculty of Mathematics, Computing and Technology and the OU Business School supported the Director, Professor Mariana Mazzucato, Faculty of Social Science.
- Worked with Professor Colin Gray and Dr Leslie Budd to establish RAIKE –the Regional Analysis, Enterprise and Knowledge Research Exchange - within IKD.
- The co-directors co-ordinated the RAE process across the IKD membership for UoA43 Development Studies.
- IKD has obtained significant funding, including the ESRC small grant in the Science in Society

Programme for which Dr Little was a co-investigator.

2002-2004 **Masters Internationalisation Team**

- Member of team responsible for oversight of MBA learning materials and practices in international delivery
- Monitoring of the use of English language and identification and development of appropriate case materials for non-UK and non-EU based students

5. RESEARCH AND SCHOLARSHIP

Research Interests

Knowledge creation and knowledge mobility in global production networks

- Research into manufacturing technology transfer, initially into Australia from Asia and Europe
- Practical prototyping of virtual networks with members of the Odyssey Group of organization researchers.
- Co investigator on ESRC Science in Society small award *Diffusion of Knowledge through Migration of Science Labour in India: Issues, Challenges and Implications* (project as “outstanding” by assessors).
- Development of projects into mobility and connectivity in conjunction with members of the Asia-Pacific Technology Network and of the IKD Centre within the OU.

E-governance and the inclusion of peripheral regions

- Co-Editor, Special issues of *Urban Studies* and *European Spatial Research and Planning*
- Action research with local government and community groups.
- Contributor to DTI Foresight programme on Intelligent Infrastructure Systems
- Policy-level work and engagement with colleagues within the Centre for IKD

Problem-based learning and e-learning

- Development of both electronic learning support and problem based learning in the international context of the OU Business School’s portfolio.

Visiting Appointments

- 2008-present **Visiting Scholar** Department of Technology and Innovation, Rotterdam School of Management, Erasmus University, Rotterdam,
- 2007-2010 **Visiting Professor** in Business Logistics, Innovation and Systems, University of Bolton,
- 2003 **Visitor** Institute for African Development, Cornell University, NY, USA, October
- 2003 **Visiting Lecturer** Academy for Management Excellence, Chennai, Tamil Nadu, India, April
- 2002 **Visiting Scholar** Department of Management, University of Technology, Sydney, July
- 2001 **Visiting Lecturer** ESC-Toulouse Aerospace MBA, May
- 1991 **Visiting Fellow** Urban Research Program, Research School of Social Sciences, Australian National University, Canberra, October-December
- 1991 **Visiting Research Fellow** Fujitsu Centre for Managing Information Technology in Organisations, Australian Graduate School of Management, University of New South Wales, Sydney, July-September

Grants and Awards held

- 2005-2006 **ESRC Science in Society small grant** £43149.00 (CI with Prof. Joanna Chataway and Prof. Paul Quintas, PI Prof. David Wield, RA Dr Dinar Kale) *Issues involved in diffusion of knowledge through migration of scientific labour,*
- 1993 **Illawarra Area Health Service** *Evaluation of information systems in Community Health Services in the Illawarra* with R. Jayasuriya & J. Foulstone, University of Wollongong

- 1990 **Design Studies Award:** an annual award made by the editorial board of Design Studies Journal and the publishers, Butterworth's, for the outstanding paper published in each volume.
- 1985 **University Research Grant** Griffith University (jointly held with Perry Morrison) \$11,500 for initial work in the evaluation of video-disc support for on-line computer documentation.
- 1981-1983 **Research Studentship:** Collaborative Award in Science and Engineering (CASE) Science and Engineering Research Council, U.K.
This funding for my doctoral programme was awarded on the basis of a research proposal put forward with the support of my employer and the Department of Design Research, R.C.A.
- 1972-1973 **Research Studentship:** Science Research Council, U.K.
This funding for my Masters programme was the result of a competitive application to a pool of scholarships.
- 1972 **Graduate Travel Scholarship:** University of Aston (jointly awarded with Donald Hoey)
Following the completion of my architecture degree, I spent eight days in Leningrad with a fellow graduate examining the development and production of industrialised mass housing.
